

[Call for Presenters Is Now Open]

CYBERLOG Mid-America 2010 **Effective Logistics in Today's Cyber Environment**

Deadline Reminder: April 9, 2010

July 26-28, 2010 | Collinsville, Illinois | www.cyberlogconference.org

WE WANT TO HEAR FROM YOU IN 2010!

The 2010 CYBERLOG Mid-America Planning Committee invites you to submit an abstract for the purpose of presenting at this year's conference. Formerly called TechNet Mid-America, the CYBERLOG conference is sponsored by the Scott-St. Louis Chapters of AFCEA and NDTA.

WHAT IS "CYBERLOG"?

The blistering fast rate of change in today's world requires constant vigilance and awareness of what's happening in the world around us. Recognizing this, AFCEA and NDTA have renamed the conference CYBERLOG Mid-America, where technology and information revolutionize logistics.

SUBMITTING AN ABSTRACT

Presentations should support the conference theme, "Effective Logistics in Today's Cyber Environment," and should focus on information technology, information security, communications, logistics, supply chain management and distribution processes. We are also accepting panel topics and are interested in potential participants for a few of the panel discussions.

To submit an abstract or get information on topics of interest, visit the [Call for Presenters](#) page of the event website <http://www.technologyforums.com/10TN/callforpresenters.asp>.

Speaker Contact: Sue Havelis, SHavelis@TechnologyForums.com, (703) 740-1933
